FROM THE PRINCIPAL'S DESK

DPS Indirapuram, with its rich 21-year legacy, has redefined 'education' as a thought leader for over two decades. Our focus extends beyond academic excellence to the development of heart and mind, emphasizing on values like resilience, empathy and mindfulness. We aim to create a 'Happy School' filled with joyful learning experiences nurturing each child to become a well-rounded individual equipped with the social and emotional skills needed for future challenges. We believe in honing each child's innate talent, helping them reach their full potential. As we encourage them to explore, learn and grow - embracing both success and failure with confidence we are pleased to introduce a new Holistic Progress Report system that offers a comprehensive view of your ward's overall development. We request all parents to appreciate and celebrate their ward's strengths and accomplishments. Together, we can ensure that our children excel in their chosen fields and evolve as compassionate individuals who positively impact the world.

Warm regards
Ms. Priya Elizabeth John

HOLISTIC PROGRESS CARD

The HPC maps the status of each child's learning for Foundational Literacy and Numeracy skills. It gives an overall description of an individual's performance over a period of time thus enabling teachers to identify the strengths, opportunities, barriers and skills or qualities that may be developed over a period of time. HPC presents a picture of a student's progress that provides evidence as well as an opportunity to the child to understand his/her growth over years. It communicates the strengths and areas of improvement for each child identified with participation and discussion between the teacher, the child and where possible, the parent. It provides teachers and parents with valuable information on how to support each student in and out of the classroom.
